Best Practices & Tips:

- **Avoid talking over each other.** Once the deposition/examination begins, each participant should do their best to avoid talking over other participants.
- **Unless talking, keep phone microphone muted.** Only the questioning attorney and the witness should have their microphones unmuted. An attorney making an objection may also have their microphone unmuted, but if possible, only when making an objection.
- **Turn Phone on “Do Not Disturb.”** If possible, turn your phone on “do not disturb.” (On iPhones, this can be done by pulling down from the top of the screen and clicking on the moon icon.) This will ensure that no incoming phone calls will disrupt your audio.
- To change the layout of the Zoom screen, click in the top right corner of the screen.
- To enlarge a particular participant’s video, click on the “...” in the top right corner of the participant’s window and click “Pin Video.” This will enlarge this participant’s video for the remainder of the deposition.
- Additional audio options available as needed.
