November 14, 2022

Dear Patient,

As you may be aware, Greenwood Leflore Hospital and our local economy are currently enduring great stress and economic hardship. The family practice service line at Greenwood Leflore Hospital is no exception. Hospital administration has begun taking certain actions to better match the hospital's cost structure with the demand for services. I am writing to inform you that Greenwood Primary Care Clinic will be closing effective November 30, 2022.

You have the option to see the primary care provider of your choice. Yvonne Tanner, FNP-BC is accepting new patients. If you are interested in scheduling your next appointment with her, please contact Itta Bena Clinic at 662-254-7801.

Your medical records are confidential and will remain on file with the hospital. We cannot share your medical information without your consent and a signed authorization is required before we can release your medical records. With your written authorization, your medical records can be transferred to the primary care provider of your choice.

It has been my honor and privilege to know and care for you and your families during the six years I have been practicing in Greenwood. I wish you all the best in the coming years.

Sincerely,

Sabrina Matthews, NP-C
